About Me

I bring 25+ years of dedicated service in public education, spanning school districts, state education agencies, and municipal government. I have also served as a trusted coach and consultant, supporting mission-driven leaders as they work to create and sustain change.

Areas of Focus

I help ambitious K-12 education system leaders turn around lagging student performance, maximize the use of limited resources, and overcome system inertia.

Through leadership coaching and organizational capacity-building, I help my clients develop high-performing teams and lead transformational change.

Services

- Strategic Planning
- Operational Efficiency
- Leadership Coaching
- Implementation Support

Outcomes Achieved

- Led a school turnaround initiative that raised student achievement in 81% of participating schools
- Improved HR operational productivity by 60%
- Remedied federal non-compliance under the federal Title I and IDEA laws
- Fostered team cultures focused on achieving results
